

August 7, 2006

Dear King's Families:

It is with great excitement that I greet each of you on behalf of King's Booster Club! It's hard to believe that the last month of summer is upon us and our fall athletic teams are already working hard toward their upcoming seasons.

The purpose of this letter is two-fold. First, to introduce you to King's Booster Club and encourage you to join the Booster Club and/or to serve within the Club this year to help support King's Athletics. Second, we would like to introduce two fund-raising ventures that you will enjoy hearing about that provide you with opportunities that will be a benefit to you and your family and that benefit King's Schools at the same time.

King's Booster Club is a volunteer organization of King's parents who help raise financial support for our athletic programs. The funds we raise are used to supplement school budgets for High School and Junior High Athletics. Our fund-raising efforts include running concession stands at home athletic events, renting signs to businesses at Mike Martin Gym and Woolsey Stadium, running an annual Golf Tournament (mark your calendar for our next tournament on April 28, 2007!), selling merchandise and finally by offering Membership in King's Booster Club. By joining King's Booster Club, members receive free passes to all home regular season events and receive special merchandise items such as this year's microfiber Wind Shirt embroidered with the Knights insignia, of course! Through the efforts of parents just like you, we supported the school athletic budget with \$50,000 of additional expenditures this past year that were much needed. Here is a partial list of items that were funded by your Booster dollars last school year:

- | | |
|--|---|
| - Equipment and Jerseys for every team | - Elliptical Trainers and Exercise Bikes for training |
| - Cheer team tumbling mats | - Video Camera and Projector |
| - Additional lighting at Woolsey Stadium | - New Sign at Mike Martin Gym (just wait until you see it – it will make you proud to be a Knight!) |
| - State Championship Banners for Gym | |

As you can see, the financial support that King's Booster Club has been able to generate has provided a great boost to our sports programs and coaches! Not only do Booster dollars help fund needed gear and equipment, we have been able to help support the school in maintaining our facilities and making sure our practice fields are safe. Whether your kids participate in sports or not, we encourage you to join King's Booster Club as athletics at King's is a huge piece of our culture and heritage and provides a great deal of identity, pride and school spirit that extends well beyond the athletic field. Included with this mailing, please find the Membership Form that can be used to sign up.

In addition, we would like to introduce you to two great websites that will serve King's families and raise financial support to King's Schools at the same time. I am pleased to announce that Booster Club has partnered with Photomax.com to provide a fantastic easy-to-use website for storing your digital pictures. Membership is free and gives you up to five gigabytes of free storage. Once you have saved your pictures to your own secure site, you are able to enjoy them from anywhere in the world and to easily share them with friends - all the time knowing that your pictures are being stored at a secure site that has extensive back-up protection. No longer will you have to worry about your hard disk crashing or using up all your computer disk space! In addition, Photomax.com provides you with wonderful opportunities to share pictures with your loved ones by using your pictures in creative ways or simply getting prints made and sent to loved ones. Purchases of Photomax.com merchandise is strictly optional on your part. However, I am convinced that once you see some of the gifts and tools available on Photomax.com, you will be a regular user. For more information on Photomax.com and how to sign up, please see the enclosed brochure.

The other website we would like to introduce to you is Fieldhouse.com/kings. Fieldhouse.com offers great apparel for every size and need and can be embroidered with an assortment of King's logos. Many families took advantage of the easy-to-use Fieldhouse.com/kings website last year and we want to make sure that the entire King's family is aware of this great opportunity. Please see the enclosed Fieldhouse.com brochure for more information.

I hope that you are as excited as I am about the upcoming school year to see what God has in store for King's Schools! Please consider prayerfully how you can partner with King's Booster Club to help achieve our potential.

Athletically yours,

Rolf Trautmann
King's Booster Club President

P.S. – Remember, we can't all be athletes, but we can all be Athletic Supporters!
